Home Memorial Brochure

Introduction

When arranging a funeral, there are many different items available to add those all important personal touches. Items such as jewellery, order of service, an urn, a casket or treasured keepsakes to remember your loved ones by. That is why we have compiled this brochure, showcasing all the little extras, to help you find a fitting tribute.

Our Mission Statement

Memoria has a mission to provide exceptional standards of service, facility and products to the bereaved families that use its funeral directing services, crematoria, gardens of remembrance or financial & legal services. This is because it is not only commercially sensible to do so but also because it is an essential act of human decency towards people who have just lost a much-loved member of their family or friend. Bereavement is the price we must all pay for the joy of loving and being loved. The loss of a loved one is the most stressful, unhappy, and traumatic experience that we will face in life. We at Memoria realise that we are unable to eradicate such pain, but we also know it is our responsibility and duty to be as efficient, kind, respectful and polite as humanly possible to our clients at their time of grief, and thereafter when they return to remember their cherished relatives or friends. Therefore, it is our aim to provide immaculately clean and tidy facilities in tranquil and beautiful surroundings attended by people who are sincerely dedicated to our mission, and who take a great pride in their work as a result.

"I can not recommend these guys enough. Fantastic service from the moment I made contact till the day my late Uncle was cremated. Nothing was too much trouble and always answered questions with a very prompt response. Low cost but still giving 100% care and attention."

– Donna Lancaster
